The Islamic Empire existed in many regions of the world, the last and most recent being the Ottoman Empire with its capital at Turkey.. This warfare began in the 7th century when the new Islamic empires conquered Byzantine provinces in Africa and Asia and threatened Constantinople itself, and continued on and off until the 11th century when a new regional power, the Seljuks, threatened Byzantium.. Islam, meanwhile, rose out of the Arabian Peninsula in the 7th century and rapidly challenged the Byzantine Empire through a series of various empires, including the Umayyads, Abbasids, Seljuks, and Ottomans. 773a7aa168
